Draft Chesapeake Bay Total Maximum Daily Load

Comment On: EPA-R03-OW-2010-0736-0001

Clean Water Act Section 303(d): Notice for the Public Review of the Draft Total Maximum Daily Load (TMDL) for the Chesapeake Bay

Document: EPA-R03-OW-2010-0736-0644

Anonymous public comment

Submitter Information

Organization: National Wildlife Federation Action Fund

General Comment

Pollution is killing the Chesapeake and hundreds of other rivers and creeks in the region. All this pollution gets collected into the bay, which is no better shape today than it was 25 years ago.

You now have the unique opportunity to do something about it, and the time has come to put strong, enforceable water safety standards in place.

I urge you to develop a strong pollution diet in my state that holds us all accountable for the pollution that is harming wildlife and their habitat. It is imperative that these plans address all sources of pollution and demonstrates how reductions will be gained.
